 Md Shahjalal

Summary

Flutter Developer with 3 year of experience building high-performance apps using Dart. Skilled in REST APIs, Firebase, and state management (GetX, Provider, Rivepod, Bloc). Passionate about clean code, solving problems, and continuous learning.

Experience

Softvence Delta
Flutter Developer

September 2025 - Present
Banasree, Dhaka

<https://backbencher.studio/>

Worked on mobile applications using Flutter and Dart, designing responsive UI/UX and managing state with tools like Provider/Riverpod. Followed Clean Architecture principles, integrated APIs, handled data flow, and ensured clean, maintainable, and scalable code. Collaborated with team members and backend developers, and communicated directly with clients to understand business logic and deliver high-quality, user-friendly apps.

Kazi it
Junior Flutter Developer

June 2023 – June 2025
Mirpur-10,Dhaka

Developed cross-platform apps using Flutter, integrated REST APIs & Firebase, managed state with GetX/Provider, and contributed to team collaboration.

Education

City University of Bangladesh
Dhaka,Banglasdesh

December 2017 – November 2022
B.Sc. in Computer Science & Engineering

Projects

E-Commerce App
Firebase auth, API product listing

Chat App
Real-time messaging & push notifications using Firebase.

Online Learning App
Using Provider, GetIt, named routes, Clean Architecture, integrated APIs, and subscription-based payment methods

Motivational App
With reminders, AI features, and REST API integration

Scanner App – Document Scanner & Converter
A mobile application that allows users to scan documents and convert them into multiple formats such as Word, Image, Excel, and PDF.

QR Code And BAR Code Generator App,Photo Collage Maker And Many Apps Live in Play Store And App Store
